MID-SEASON UPDATE

MAPPING A GAME PLAN FOR THE REST OF SUMMER...

Hard to believe, but the turning of the calendar gives a stark reminder that we're in the middle of the car show/cruising season. That means one thing...now's the best time to map out your plans for the rest of the season...before your

to-do list fills it for you!
 Given the record snowfall of the last winter, no doubt VCEA members throughout the state have taken full advantage of blue skies and warm weather. In fact, it appears that car related events across the state... *Cont. page 5*

PRESIDENT'S MESSAGE...

JOHN PARKER, VCEA PRESIDENT

Sometimes I wonder what I'm a gonna do...

Summer greetings VCEA, hope your headers are hot and your gas tank's full! I tried to press together a quick newsletter to keep in touch and let you know where we've been, who's joined, and what's on the horizon. I know you guys are busy, so drop me a line and let me know what you're up to...and as always, would love to see some pics of projects and how you're spending your summer vacation.

So, taking a quick look at this Virginia Chevelle Times and you'll notice something different. Namely, the format. Trying to see how a change in format might work for printing, since it ain't exactly cheap to print on the old 8X11 paper. However, there's always a drawback, shorter pages mean shorter columns and stories. But we'll see how that goes, let me know what you think.

You'll also find some good pics of some of our newest Chevelles and their owners. Still have to get these uploaded to the website, but just as good an opportunity to introduce you to some of the finest and newest Chevelles in the Old Dominion state.

Also passing along a pretty good list of events to help with

the rest of your summer planning...while this list doesn't cover every event, there's something here for everyone and every interest. Besides, these have historically been some of the best events in the area.

I've had a blast thus far and look forward to the remainder of the season. First time attending the Super Chevy Show in Richmond, as well as the first time attending the Maryland Chevelle Show in late June. One thing's for sure, will not be the last...absolutely great events with non-stop action and exceptional cars.

I'm also very interested in your thoughts and help in planning a club cruise and picnic for late September. While school's back in session and smell of pigskin's in the air, seems like the perfect time to go for a country cruise and fire up the grill for summer's swan song.

Hope all's well with you and yours, and you still get that tingly feeling every time you hear that big block whirl.

Stay in touch, be safe, and cruise on...

... 'cause there ain't no cure for the summertime blues...

John H. Parker,
VCEA President

MEMBER'S RIDE...

PAUL GREENWAY'S '64 CHEVELLE

Paul Greenway and his '64 Chevelle 'vert are the newest additions to VCEA, and he dove in feet first. Shortly after getting his hands on the Regal Red ride, Paul teamed up with a VCEA group for the annual Warrenton Father's Day Show. But Paul's not one to stop there, he's already taken on a few projects to add some comfort. One thing's for sure, the wheels and redline tires make this '64 snap, crackle & pop!

DID YOU KNOW...

HIGHLIGHTING A STEPHENS CITY DRIVE-IN

Yes Virginia, you do have a Drive-In theater. The Family Drive-In Theater is neatly tucked away in Stephens City, Virginia, offering that unique chance to combine the best of yesterday with today...experiencing the uniqueness of a family drive-in while enjoying the latest movies you'd find in today's theaters.

The Family Drive-In is just a short trip on I-66 West and minutes from Northern Virginia. A quick trip to the two-screen drive-in and you'll see why this theater was

named one of the "Ten Best Drive-Ins" in the country...not bad at all, considering the bevy of drive-ins on the west coast.

In addition to the latest and greatest movies, you'll enjoy hearing the movie via FM transmission or the old fashioned way...from the car door speaker. The Family Drive-In offers a complete concessions stand for all your snack needs.

Take the trip and enjoy a local treasure...you'll be glad you did!

MID-SEASON UPDATE...

FROM PAGE 1

...continue to grow at impressive rates. That growth is good for the hobby and enthusiast alike, but it also means you have to be on your toes,

Buck Feather's '66 Elky soaking up some rays & raising the bar at the Stephen's City Cruise-in

map out your shows, and get there on time.

Thus far, we've attended the Virginia Super Chevy Show in Richmond, Spring Carlisle, Warrenton Father's Day Show, Maryland Chevelle Show, and a few other local shows and cruise-ins on a weekly basis. However, take a look at the VCEA calendar (Page 3) and

Doube 'Verts...John Parker's '69 SS396 and Rick Morder's Artic White '72 stylin' at the Stephens City Cruise-in...

you'll get a clear sense that the season's wide open.

Purcellville's Summer Thunder Cruise-In continues to grow by leaps and bounds, with participating cars now numbering over 800 on the show field. The Northern Chevelle Regional is only 6 hours from Northern Virginia...and if you've never been, now's a great time to attend a regional Chevelle Show and see what you're missing out on. There are

even local events for folks who want to flex a little muscle, like the Old Dominion Speedway Cars & Stars racing event.

So, grab your calendar and sharpie and fire away. The VCEA calendar has something for everyone ...the hardest part is deciding where to go.
